## Employee Scheduling Software

Ensuring proper staffing is critical to the success of your business. Staff scheduling is difficult because you have to make sure the right number of people are scheduled by location, department, job, shift, position and skill, all while taking into account staff availability, requests, overtime and the needs of your business.

**ScheduleAnywhere** is the powerful, yet affordable, online staff scheduling software from Atlas Business Solutions, the leader in employee scheduling software. For over 20 years, we've been helping our customers simplify and streamline their scheduling process. ScheduleAnywhere is used by every industry and business, regardless of complexity and size.

**Over 70,000 businesses** have trusted us to meet their scheduling needs. If you need a better way to schedule and communicate with your staff, it's time to make the move to ScheduleAnywhere.

"The staffing office is now able to access all schedules. Knowing staff requirements helps us fill any coverage gaps ahead of time, which helps control overtime costs. It has dramatically reduced the amount of time it takes our managers to create and maintain schedules. ScheduleAnywhere is very easy to use."

-- Staffing Office, **Kaiser Permanente Santa Rosa**

"ScheduleAnywhere has made us much more efficient with our scheduling process, both in routine maintenance and outages. It helped us fill a communication gap and helps maintain crew availability."

-- Kenneth Poole, **Southern Company**

"Using ScheduleAnywhere has improved our ability to be more efficient and effective for our day-to-day operations and during times when we need information quickly."

-- Sergeant Thomas Lampe, **Iowa State Patrol**
